

Welcome to the PRC iCrew boat reservation system. We will be using this system for members to reserve their equipment and dock time during this time of limited re-opening of the boathouse. iCrew has both web and mobile applications (links below). If you are already a member of iCrew please skip to step 2. If you have any questions, comments, concerns, at any time contact us at [icrew@pocockrowingcenter.org](mailto:icrew@pocockrowingcenter.org).

- [iCrew web login](#)
- [iCrew Apple App](#)
- [iCrew Android App](#)

1. Create an iCrew account by clicking [here](#). The code is **george**. This will automatically add you to the 1PRC team from which you can reserve dock time and club singles.
2. Log in to your iCrew account and navigate to your home page
  - a. You should see a list of Launch Time sessions that looks like this in your “My Attendance Plans”. If you see this proceed to Step 3, otherwise continue on to 2b.

- b. If you are not associated with the 1PRC team your “My Attendance Plans” page looks like this:

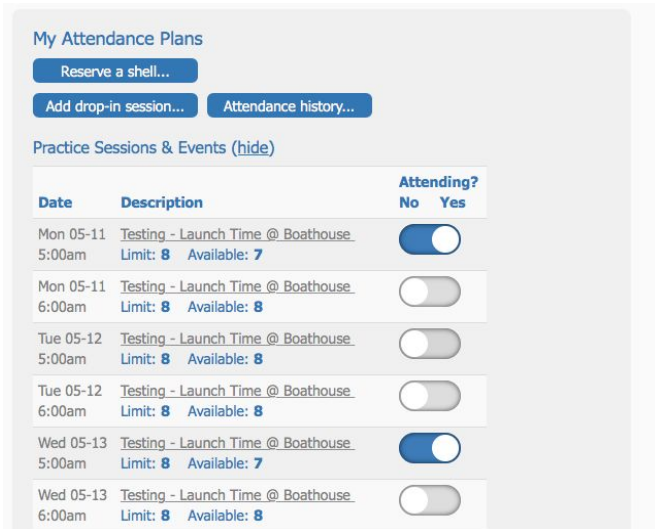

- c. To add yourself to the 1PRC team, scroll down and select My Team.
- d. Click “Join or leave teams”
- e. Click “Join Team” next to the 1PRC team

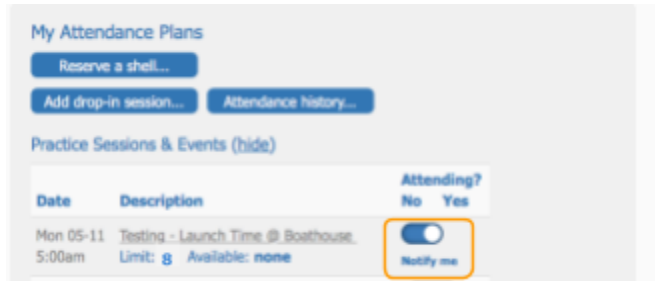

- f. Return to the My Attendance Plans page

- 3. To sign up for a Launch Time simply toggle the Attending button to Yes. You can change your attendance plans at any time. As a courtesy to your fellow rowers, if you can't make a time you are scheduled to attend please sign out as early as possible. Each Launch Time is limited to 10 people, this will allow someone on the waiting list to sign up (see below).

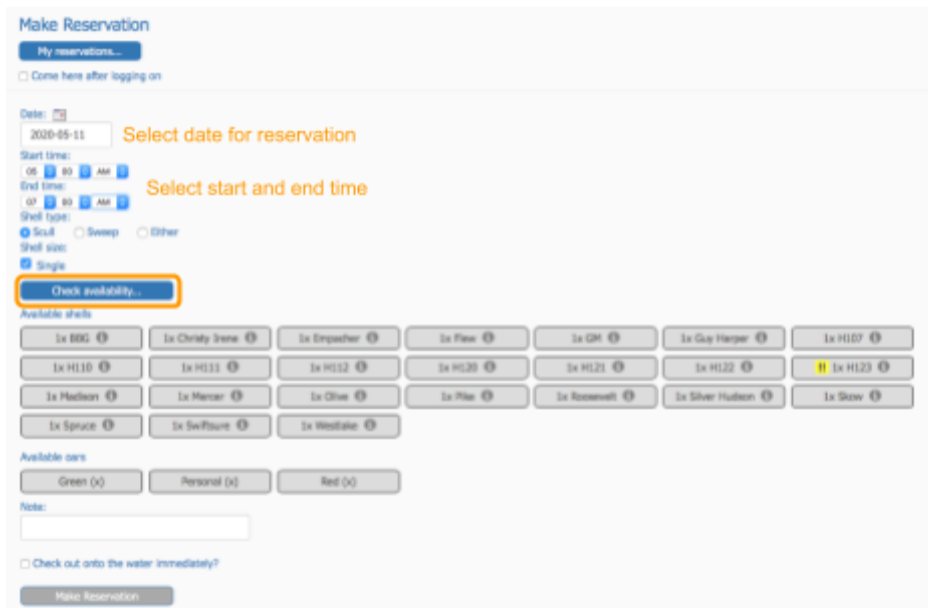

- a. When a time is full you will not be permitted to sign up for that time, however you can select to be notified by email if a spot opens up at which time you can log in to iCrew and sign in. This is first come, first serve, so be quick! This [video](#) shows how session limits work.

4. Once you have reserved a Launch Time you may reserve a shell. There are a number of ways to do this, here we will walk through two ways. This [video](#) also shows how to reserve a boat (note at this time, only 1x are available).
5. From the same Home Page you can click “Reserve a Shell...”.

- a. This will take you to the “Make a Reservation” page. Here, select the Date, Start, and End time for your boat reservation, and then click “Check availability” to see what shells are available. Any time the date or time is changed you must refresh the shell list by clicking “Check availability”

- b. When you have a list of shells, you can hover or click the **i** for more information like the weight-class. If a boat is out for repair or otherwise unrowable, a **!!** will be next to the name.

The screenshot shows the 'Make Reservation' form. It includes a date field set to 2020-05-11, start and end time pickers, and radio buttons for shell type (Scout, Sweep, Either) and shell size (Single). Under 'Available shells', there is a grid of buttons for various boat models. A tooltip for '1x Flew' is visible, showing 'Ability Req: Intermediate' and 'Weight Class: 145-175'. The '1x H123' button has a yellow double exclamation mark icon. Under 'Available oars', there are buttons for Green (x), Personal (x), and Red (x). A 'Make Reservation' button is at the bottom.

- c. Once you have selected a boat and oars, click “Make Reservation” to complete your reservation

This screenshot is identical to the one above but highlights the selection process. The '1x Flew' button in the 'Available shells' section and the 'Red (x)' button in the 'Available oars' section are both enclosed in orange rectangular boxes. The 'Make Reservation' button at the bottom is also highlighted with an orange box.

6. An alternative way to reserve a boat is to navigate to the Reservation tab. This defaults to a Week view. Here you can also see other boats that are reserved.

The screenshot shows the iCREW Reservations Calendar interface. At the top, there is a navigation bar with tabs for "My Home Page", "Today", "Club Home", "Calendar", "Reservations", "Messages", and "Discussions". Below the navigation bar, there are options to "Reserve a shell...", "View history...", and "My reservations...". The calendar is set to "May 10 - 16, 2020" and is in "week" view. A reservation is shown for Monday, May 11, 2020, from 5:00a to 7:00a, labeled "Row (1) / Red - Sara S".

- a. If you click on a day/time slot, this will take you to the Make Reservation page for that Day and Time. From there you can follow the same procedure [above](#) to reserve your boat
7. You can see a list of your boat reservations from multiple places by clicking the "My Reservations" button.

This screenshot is similar to the one above, but the "My Reservations..." button is highlighted with a red box. The calendar view is the same, showing the reservation for Monday, May 11, 2020, from 5:00a to 7:00a.

- a. In this list view you can edit or cancel your reservation.

**My Upcoming Reservations**

My reservations only:

Click >>here<< to extract/download these records.

Date	Start Time	End Time	Shell	Oars	Rower
 05-11-2020	5:00am	7:00am	Flew	Red	Sara Seeman

- b. You can also click on your reservation in the Calendar view to edit your reservation.

Change the date, time, shell, oars, or note, then tap the **Change Reservations** button.

Date:

Start time:  AM person that made this reservation

End time:  AM

Shell type:  Scull  Sweep  Other

Shell size:  Single

Available shell
